

WHIPPING PARTIES CAUSED GOVERNOR TO TAKE ACTION

Executive's Secretary Said There Were 2,500 Last Year

(By The Associated Press) OKLAHOMA CITY, Okla., June 30.—Explanation of why Governor Walton is determined to put an end to mob outrages in Oklahoma and is ready to use military force if necessary was made today by the executive's secretary, Aldrich Blake, who declared "whipping parties" throut the state during the past year have numbered at least 2,500. Blake said the estimate of the total whippings was based upon reports received by the governor some from his official representatives and others from victims of mobs. Since the governor opened his drive on mob violence last Tuesday by placing Okmulgee county under martial law, letters telling of mob activities have been pouring on the executive Blake said. Disclaiming any intention to leave the impression that cases of mob violence of the state have been the work of "any one organization" the governor's secretary added that while the outrages could not be traced "directly" to one organization he believed almost all of them may be traced "indirectly."

Tulsa county has averaged one whipping a day while Oklahoma county has had about one a week, reports indicated, the secretary said. Further information was received today in regard to the seizure of a miner at Picher, in Ottawa county who was subjected to an operation by members of a mob, Blake said. The governor is awaiting a complete report before taking action in that county.

FRENCH AMBASSADOR RECEIVED BY POPE PIUS AT VATICAN

Was Closeted with Pope For More Than an Hour

(By The Associated Press) ROME, June 30.—M. Jonnart, French ambassador to the Holy See was received in private audience by Pope Pius today and was closeted with him for more than an hour. He left the vatican without the customary call on the secretary of state. The impression prevails in vatican official circles that the papal letter concerning the reparations to the Ruhr will not develop serious consequences in Franco-Vatican relations. Further explanations of the significance of the communication are expected soon from the Holy See.

The Glonale Italia in an article on the letter today emphasized that its language was clear and explicit, conforming to the teachings of the church, that it was not meant to be hostile to any nation, or intended to cast doubt on France's rights but only to offer a suggestion for reaching the desired ends by other means.

Both Pope Pius and Cardinal Gasparri the papal secretary of state, the newspaper says are in complete accord on the letter.

Edward Clifford Has Resigned Position

(By The Associated Press) WASHINGTON, June 30.—Assistant Secretary Edward Clifford of the treasury announced tonight that he had resigned to return to the practice of law and that he would leave the government service within two or three weeks. Simultaneously with his resignation a re-organization within the department was ordered, shifting several bureaus and involving a material change in the jurisdiction of his office, but Mr. Clifford said the order was not connected in any way with his departure, he having notified President Harding and Secretary Mellon of his intention several weeks ago.

Mr. Clifford will return to Chicago where he formerly practiced law. In announcing his pending departure he expressed the opinion that salaries paid to assistant secretaries in the government departments are inadequate, citing the resignation of two secretaries and ten under-secretaries who he said had found it impossible to live in Washington and maintain necessary social activities on the salaries they received.

Colonel Edward Clifford, who is a son-in-law of Mrs. E. C. Lambert, is well known in Jacksonville.

Close friends of Col. Clifford here have known for months that he expected to soon leave government service and return to business or professional life in Chicago.

The relations between Colonel Clifford and Secretary of the Treasury Andrew W. Mellon have always been most cordial.

HEALTH OFFICERS SEPARATED FROM STATE PAYROLL

Rawlings Plans to Reappoint Seven Within a Few Days

(By The Associated Press) SPRINGFIELD, Ill., June 30.—Twenty-one Illinois district health officers were severed from the state payroll today partly by action of the department of health and partly thru operation of a new law which became effective tonight.

The legislature reduced the appropriation for this purpose from \$100,000 to \$30,000, making it necessary to dismiss fourteen of the twenty-one officers. Because of plans to reorganize the entire force Dr. Isaac D. Rawlings, director of the department decided to discharge all the officers with the intention of reappointing seven of them within the next few days.

A reorganization will be effected and new districts will be outlined for the seven men who are to do whatever work of this nature is to be done in the state. The pay of the officials is from \$3,500 to \$4,500.

Dr. S. S. Winner of Chicago, who has been chief of the district health officers will continue on temporary work in Chicago until the re-organization takes place.

WOULD ESTABLISH PUBLICITY BUREAUS

(By The Associated Press) INDIANAPOLIS, June 30.—The establishment of a Catholic publicity bureau with branches on every city in the United States and Canada of more than 50,000 population, was favored in resolutions adopted here today at the convention of the Catholic Press association of the United States and Canada. The purpose of the bureau it was explained, would be to refute false statements against the Catholic Church and to supply reliable information regarding the church to the daily press and non-Catholic publications.

QUINCY CARPENTERS DEMAND MORE WAGES

Quincy, Ill., June 30.—Members of the Carpenters' Union here will not return to work Monday morning until their demands for an increase of 20 cents an hour are granted. They are now receiving 80 cents but are asking for \$1.00. The contractors' association say they will not meet the demand.

TEN KILLED IN BELGIAN TROOP TRAIN

London, June 30.—(By the A. P.)—The reports received by Reuters say that ten were killed in the Belgian troop train explosion at Duisberg.

Small Charges Glenn Violated Constitution

(By The Associated Press) SPRINGFIELD, Ill., June 30.—A charge that Senator Otis Glenn violated the constitution by drawing money from the state treasury for legal services in the Herrin riots prosecution while a member of the senate which appropriated the money was made by Governor Small in a veto message transmitted to the legislature just before its close today.

The veto eliminates from the salary appropriation bill over \$16,000 for assistant attorney general in Cook county.

The governor charges that Glenn while sitting in the senate drew \$5,000 at one time and \$7,500 at another for services to the attorney general, Senator Glenn is an anti-administration leader in the senate.

The same veto message accuses Attorney General Brundage of flagrant disregard of the constitution and the laws.

The governor said he had been

PRESIDENT HARDING AND PARTY VISITED YELLOWSTONE PARK

Rode for Miles Thru Park and Will Continue Tour Today

(By The Associated Press) YELLOWSTONE PARK, Wyo., June 30.—Yellowstone Park, one of nature's wonderlands, was viewed today by President and Mrs. Harding as they interrupted their western trip to visit the national playground.

The chief executive and Mrs. Harding with the members of their party rode miles thru the park after arriving early in the day at the Gardiner, Mont., entrance, and tonight they rested near Old Faithful Geyser.

The ride today followed the route from Mammoth Hot Springs where breakfast was served, past the Golden Gate Roaring Mountain the Norris Geyser Basin, the lower and upper geyser basin to the Inn at Old Faithful.

Secretary Work of the Interior whose department administers the national park and Horace M. Albright, superintendent of the park, rode with Mr. and Mrs. Harding.

Neither the President nor Mrs. Harding needed a guide, however, as it was their third visit.

Whether by coincidence or by arrangement of the party's schedule, Riverside Geyser, one of the largest in the park, with a play interval of seven hours, burst into action just as the presidential party arrived beside it and shot a stream of water and vapor half way across the Firehole River.

Another section of the park including its famous canyon and great lake will be visited tomorrow after which the presidential party will continue the western trip with a stop Monday afternoon and night at Spokane, Washington.

SMEETS SEEKING INDEPENDENCE OF THE RHINELAND

Will Submit Question to the League of Nations

(By The Associated Press) BERLIN, June 30.—Joseph Smeets, the Rhineland separatist leader, is actively preparing to have the question of the Rhineland's independence submitted to the league of nations council under the Versailles treaty stipulation granting the right of self-determination says the Cologne correspondent of Der Tag.

"The latest issue of the separatist organ Rheinische Republik," says the correspondent, "reports that at Smeets request a meeting of 'trusted men of the Rhineland Republic peoples' party elected a directorate to stand at Smeets' side during the final struggle."

The paper adds that it was decided for each member of the party to draft a formal declaration, all the declarations to be submitted to the league council with a demand for independence for the Rhineland.

GOVERNOR WALTON GIVES HIS REASONS

(By The Associated Press) LOUISVILLE, Ky., June 30.—Governor Walton's object in declaring martial law in Okmulgee county Oklahoma, was to get control of the situation before "lives were sacrificed" as he was afraid "pitched battles between citizens might occur" according to a telegram from the Oklahoma executive to the Courier-Journal tonight. The newspaper had wired Governor Walton, inquiring directly as to what were the causes of the lawless outrages which were declared to have occurred in Oklahoma.

"Ever since I have been governor and before there have been hundreds of whippings and other depredations at which local authorities apparently wink," the governor said in answering the inquiry from the Courier-Journal. "Had martial law not been declared I was afraid pitched battles between citizens might occur and my object was to get control of the situation because lives were sacrificed."

LONG TIME EMPLOYE RETIRES

Washington, June 30.—George W. Evans, appointed a government messenger by President Lincoln retired today as disbursing officer of the interior department with a record of disbursing \$600,000,000 and adjusting financial affairs approximating \$8,000,000,000 without losing a cent. He had served 59 years, forty years in the position from which he retired.

GEORGIA HAS NEW GOVERNOR

Atlanta, Ga., June 30.—Chas. W. Walker today succeeded Thomas W. Hardwick as governor of Georgia.

MEDICAL PRACTICE ACT WAS SIGNED BY GOVERNOR YESTERDAY

Replaces One That Has Been on the Statute Books for Years—Makes Special Reference to Chiropractors—New Fish and Game Code Was One of Bills Approved

(By The Associated Press) SPRINGFIELD, Ill., June 30.—A new medical practice act, to replace one which has been on the statute books many years, became a law with Governor Small's signature tonight.

The bill was one of 26 which the governor signed during the day. Six others were vetoed, including Senator Buck's bill providing for the selection of presidential electors by congressional conventions or by the delegates from each congressional district to the state convention. Thirty-eight additional bills still remained in the governor's possession awaiting action. He worked late tonight disposing of them. The bills not signed before midnight will not become laws until July 1st, 1924.

The governor had taken no action on Representative Thon's bill repealing that section of the marriage and divorce law which prohibits marriages within a year after divorce. Many persons desiring to marry have evidenced interest in the bill.

The new medical act permits the licensing of all systems of healing with or without drugs. In reference to chiropractors the bill prescribed that the applicant for a license prior to July 1, 1926 must have had three years in a chiropractic college and after July 1, 1926, this provision is increased to four years high school training and four years in college.

The governor also signed the omnibus bill appropriating \$17,798,569 for expenses of state departments.

Other bills approved were:

The new fish and game code, providing an annual license fee of fifty cents for pole and line fishermen over 21 years old.

Miss Lottie Hollman O'Neill's bill providing that the widow or surviving husband shall receive one-third of the real estate in fee simple and one third of the personal property without dower in the remainder of the realty as at present.

Senator Denvir's bill prohibiting the sale of liquor to minors.

Senator Barr's bill authorizing leasing of the Illinois and Michigan canal.

Appropriating \$177,500 to the state superintendent of public instruction.

GIRL JUMPS FROM SPEEDING AUTO

(By The Associated Press) DAVENPORT, Iowa, June 30.—Miss Ottilie Demullenare is at Moline, Ill., city hospital in a critical condition from injuries received in jumping out of an automobile on the Geneseo road 10 miles out of Moline late last night. Miss Demullenare with two girl companions were met by two young men in an automobile who asked them to jump in for a ride. This they did and the men drove out into the country. The girls became alarmed and begged to be brought to town. The men refused to accede to the request whereupon Miss Demullenare jumped out while the car was traveling at a high rate of speed. The automobile was then stopped and Miss Demullenare's companions allowed to alight.

Without tendering aid to the injured one, the strangers "stepped" on the gas and disappeared. The police and sheriff's forces of two counties are searching for them. The girls claim the men were entire strangers to them.

EARLY IDENTIFICATION OF SLAYER DISCARDED

Freeport, Ill., June 30.—Early identification of a youth who killed Motorcycle Officer Clarence Frueh and was himself killed afterward in an accidental wrecking of the officers' motorcycle, on which he was making his escape as Louis Babcock, wanted for snafelowing at Davenport, Iowa, has been discarded. Police now believe he is Tony Massud, of St. Louis, wanted for killing a policeman and civilian in that city on June 10.

REFEREE DAUGHERTY ARRIVES AT SHELBY

(By The Associated Press) Shelby, Mont., June 30.—(By the A. P.)—James Daugherty of Philadelphia, referee for the Dempsey-Gibbons title bout here July 4 arrived today.

Daugherty was accompanied by Richard J. Burke, president of the National boxing association. Burke has not missed a championship bout in 31 years.

Joliet, Ill., June 30.—William A. Murphy of Joliet has resigned as state director of the department of trade and commerce and Clifford Ireland, formerly congressman from Peoria, has been appointed as his successor.

SECOND LIFE BOAT OF BRITISH SHIP LANDED YESTERDAY

Eight of Twenty-Four Men Died from Hardships

(By The Associated Press) PORT LOUIS, Island of Mauritius, June 30.—The last drop of water had been drunk and the last biscuit eaten when the second life boat of the British Steamship Trevesa arrived at this island yesterday with 16 survivors. Twenty-four men got away in this lifeboat from the Trevesa just before she sank a month ago in the Indian Ocean, but eight of them succumbed to the hardships.

Chief Officer Smith told of the terrible sufferings the men went thru. He said that the eight men who died began drinking sea water when they could no longer withstand their thirst. The last of them died in sight of land.

The daily ration was one biscuit for each man and a few drops of water. When they landed the survivors, gaunt and some of them with long beards, sank to their knees and thanked God for their deliverance. All of them had badly swollen feet from constant emersion in salt water.

GENERAL GOMEZ ASSASSINATED IN BED

(By The Associated Press) CARACAS, Venezuela, June 30.—General Juan C. Gomez, first vice president of Venezuela and governor of the federal district was assassinated in bed last night, says an official bulletin issued today. Prior to the issuance of the bulletin a report was current that Gomez had died suddenly this morning.

Eight days of officials mourning has been decreed.

General Gomez was popular, and his death has given rise to evidence of grief everywhere. He was the brother of the president of the republic, Juan V. Gomez, and was elected to office by congress in June, 1922.

JUDGES OF COURT ASKED TO RETIRE

(By The Associated Press) TOPEKA, Kans., June 30.—Governor J. M. Davis in a letter today requesting the three judges of the Kansas industrial court to retire from their positions and from the state payroll, asserted that such a plan would not cripple the mine, factory and women's welfare departments of the court. Three inspectors and one clerk to receive data on the labor situation would be all that remained of the present court machinery. This plan the governor asserted would save the state \$40,500 a year.

WHITFIELD REFUSES FOOD FOR NEARLY 100 HOURS

Cleveland, O., June 30.—Altho John L. Whitfield, held on the charge of slaying Patrolman Denney Griffin has refused food or drink for nearly 100 hours, his attorneys express the belief that Whitfield is not trying to exact a hunger strike but is suffering loss of appetite owing to the circumstances of his arrest and his being lodged in jail. They believe, that he will resume partaking of food as soon as the stress of these conditions pass off.

A THOUGHT
If thou hast done foolishly in lifting up thyself, or if thou hast thought evil, lay thine hand upon thy mouth—Prov. 30:32.
It is better to remain silent than to speak the truth ill-humoredly, and spoil an excellent dish by covering it with bad sauce.—St. Frances de Sales.
It may be necessary to fortify Canadian border, after all, to keep out the booze.
BIBLE REWRITTEN
Hendrik Van Loon, author of the popular "Story of Mankind," has now rewritten the bible. He reduces its 1,250,000 words to

120,000, leaving out a vast amount of matter which he considers unessential, simplifying and modernizing the language and emphasizing the "human interest."
This, needless to say, is a more pretentious effort than was his boiling down of all human history into one volume. It is always perilous to take liberties. Loon justifies himself by saying that he has written his version in order to induce people to read the Bible.
The King James version or the Douay version, he says, is good enough for him, and for other educated people, but many find it hard to understand and will not take the trouble to plow through it. He thinks he can give common folk, in his volume, the substance of the Bible, and perhaps persuade them to go on afterwards and read the longer, more formal version.
That perhaps will be the case. It has been so with his "Story of Mankind," which has led thousands to a serious study of history, and which, though written for boys and girls, has made remarkable appeal to grown-ups.
THE FARMER'S SHARE
E. H. Cunningham, the new "dirt" farmer member of the Federal Reserve Board, has the floor. He is talking to farmers, and says:
"We are not going to have an influential farmer-labor combina-

tion in this country unless it comes through someone's carelessness. The laborer does not buy pork because he is especially friendly to the farmer, but because he is hungry for pork. The land-owner can block any farmer-labor combine by giving proper encouragement to his tenant and doing better by him than the farmer-labor crowd can do.
"I don't want my friends to expect that because I go to Washington as the representative of the farmers I go there to get for the farmers more than their share. The Federal Reserve Board must function for every individual in the country."
TROTSKY'S LATEST
In war it has long been axiomatic that the offensive is the best possible defensive. Russia is at war with civilization and Leon Trotsky, the mouthpiece though hardly the brains of the Soviet government, recognizes the advantages of this policy. His idea of meeting an accusation is to accuse the other fellow. His latest speech charges England and Italy with inspiring the recent Bulgarian revolution.
Of course, he expects no one outside Russia's borders to believe him, but that will never disturb Trotsky. Russians who will listen to him are not vitally interested in facts, nor are they familiar with world conditions. They do not realize that Britain and Italy are vitally interested in peace everywhere and that the success of the Bulgarian army clique—always strongly pro-German—threatens the quite of the Balkans, for generations the sorest spot in Europe.
Hardly less amusing, but if possible more ridiculous, is Trotsky's hint of a Russo-French rapprochement.
The French, whether townsmen or peasants, are the greatest investors in the world. The Soviet government, almost as its first act, expropriated French investments worth more than 648,000,000 gold rubles. Moreover, the French government had loaned Russia 370,000,000 gold rubles during the first years of the war, while for the preceding generation the Empire had borrowed heavily in France.
Any French government which even considered a reconciliation with Russia would find itself confronted by a revolution—and not the kind that Trotsky has in mind.

The Community Owes A Debt

Yesterday was the 70th birthday of Dr. Joseph R. Harker and it is a matter of common knowledge that he has given thirty of the best years of his life to Illinois Woman's College. When he took the presidency of the institution the number of students was about one-eighth of the present attendance and the increase in the property holdings of the college has been equally large.
During that same period the institution has advanced from a preparatory school to a college of the highest standards. Now the institution faces a crisis and in order to make it possible to secure the \$133,000 offered by the board of education and further to maintain its standard as a college it is necessary for the people of this vicinity to contribute \$100,000 toward the college, which is recognized as one of the greatest assets of Jacksonville.
While about \$37,000 has been subscribed and some other subscriptions are in prospect, it is very plain that there must be a rallying in support of the college by the people of Jacksonville or the campaign will fail.
Dr. Harker has given himself not only to the building up of the college but also to the building of the city. He is a community man and every good local enterprise has had his willing support. At the conference last night it was mentioned that Dr. Harker readily subscribed \$2,000 toward the hotel fund and that was just an example of his generous support of every local enterprise. It is well remembered how generously he gave of his time and thought in serving as the chairman of the citizens water committee.
Now Dr. Harker has pointed out the pressing need of the college. He has shown conclusively why this \$100,000 is asked of Jacksonville. He is not seeking money for himself, but for the institution which in so large a measure belongs to Jacksonville. Dr. Harker himself is one of the largest contributors to the campaign.
While the cause is worthy and the college merely from a business standpoint is of great worth to the community, there is in addition the debt to the president of the institution. The friends of the college who are working in this campaign deserve the support of other friends. Talking plainly, it can be said that thus far there has not been as large a co-operative effort in behalf of the college as this community should give.
It is a continuance of the co-operative spirit in Jacksonville which will mean its growth, and the call to support the college, its friends and its president, should not go unanswered.

WAVERLY WOMAN DIED SATURDAY

Mrs. Elizabeth Stewart Passed Away at Home in That City—Funeral Will be Held Tuesday.
Waverly June 30.—Mrs. Elizabeth Stewart died at the family home here this evening at 6:30 o'clock.
Decedent was born near Arcadia February 10, 1849 and her entire life was spent in Morgan county. She was united in marriage to John B. Stewart Nov. 8, 1866.

WILL CELEBRATE 88TH BIRTHDAY

S. M. Hussey long time resident of this county, will celebrate his 88th birthday today at his home, 534 South East street. He is a very exceptional man having been helping with the harvest at the Middendorf farm east of the city for all of the past week. On Friday the old gentlemen loaded nine wagons with alfalfa. He expects to begin shocking wheat tomorrow. In appearance he seems a man of sixty rather than one who has lived 18 years past his allotted "three score and ten."
Mr. and Mrs. Hussey have three sons, one in far off Chile and two in Brooklyn. The venerable man has done notable work during his life. He stated yesterday that he had never voted any but the Republican ticket in the 67 years in which he has voted.

Pate-Coffman
Miss Harriet Coffman and Mr. Walter Pate, both of this city, were united in marriage at the home of Rev. W. E. Spooner, Saturday afternoon. The young people were attended by Miss Madeline DeFries and Mr. Oliver Gaither, both of this city.
The bride's gown was of white satin trimmed with French lace and beads and with hat to match. She carried a bouquet of bride's roses.
The bridesmaid wore tan dress with hat to match and she also carried roses.
Following the ceremony a 6 o'clock dinner was served at the home of the bride's sister, Mrs. Jesse Tribble, 117 East Dunlap street.
Mrs. Pate is the daughter of Mrs. Harriet Coffman of 117 East Dunlap street and has resided in this city for a number of years. She is a young woman of charming personality and is held in high regard by a large number of friends.
Mr. Pate is a son of Mrs. J. Simmons of Milwaukee, Wis., but has made his home in this city for the past several months. He is employed at J. Capps and Sons mills and is a young man of fine character.

Mr. and Mrs. Pate are to make their home at 422 Jordan street and will have the best wishes of a large number of friends.

Beginning July 1 and continuing thru August, the Tea Tray will not serve on Sundays.

TO BUILD RESERVOIR
IN SOUTHERN IDAHO

AMERICAN FALLS, Idaho. — (By the A. P.)—This little agricultural community has consented to plans for its removal to a new townsite as the result of negotiations by representatives of the United States government. The present site, according to plans, will be inundated together with 83,000 acres surrounding it, to make way for the construction of the gigantic American Falls reservoir.

Authorization of plans to build the reservoir, which will be the largest in the United States and the fourth largest in the world, with a capacity of 1,500,000 acre-feet of water, was given at a recent special election in the American Falls irrigation district. The district embraces approximately 300,000 acres. The cost of the project is estimated at \$12,000,000.

The immensity of the proposed reservoir may be realized among the world's wonders as a means of water storage. There will be only three comparable reservoirs one on the Euphrates, one on the Nile, and one created by the Gatun dam at Panama which is not an irrigation point.

The floor of the reservoir will contain 83,000 acres when the project is extended to the full capacity of 3,000,000 acres. All preliminaries have been based on the maximum reservoir.

The estimated cost of \$12,000,000 includes all preliminaries, including foundation, moving the town of American Falls, the railroad, etc. The height of the dam for the American Falls townsite unit will be 75 feet. Addition of 20 to 25 feet will double the capacity of the reservoir 3,000,000 acre-feet, at the relatively small cost, according to officials, of between \$3,000,000 and \$4,000,000.

The benefits of the project will extend to all South Idaho, and a general stimulation of business in all lines, notably agriculture, will result, officials say. With an ample water supply to meet all shortages, values will be stabilized and a remarkable development is predicted.

NOTICE TO THE PUBLIC
Wednesday, July 4th, being a holiday, all banks, stores, business houses, and shops will be closed all day except those places of business that are usually open on Sunday. Motion picture houses and other places of amusement will also remain open.

"DRIVEN"

From the prize story by Jay Gelzer

Maw Tolliver is the drudge in a family of moon-shining mountaineers, consisting of a husband and four sons. Their only neighbors are Paw Harden and his daughter Essie. Tommy Tolliver, the youngest son, is of a timid, retiring nature and is the butt of his bullying brothers. He loves Essie, as does Lem, the eldest Tolliver. Lem kisses Essie, and when Paw Harden calls him down Lem kills him. Essie is taken in by the Tollivers. Lem plans to marry Essie and gives Tommy a terrible

beating for daring to want Essie for himself. Maw Tolliver, desirous of giving Tommy and Essie a chance for happiness she never had, sells information regarding the Tolliver hidden "still" to the "revenuers." In the fight that follows the three Tolliver sons are killed. Paw Tolliver escapes and goes home to kill Tommy, believing him the traitor. Maw holds him at the point of a gun until Tommy and Essie escape over the mountains to happiness.

OFFICERS RAIDED HAWTHORNE RACE TRACK YESTERDAY

Arrest Bettors and Book-makers as Races Start

(By The Associated Press)
CHICAGO, June 30.—Raiders from the state's attorney's and sheriff's offices swept into the Hawthorne Race Track today as the Illinois Jockey Club opened its twenty-five day meeting. A dozen arrests were made before the races had fairly started and scores were warned, that betting would mean sure arrest. The procedure had a quelling effect on anxious bettors.

The procedure at the track was unexpected. Despite the fact that Robert E. Crowe, state's attorney had issued repeated warnings that violation of the state laws against betting would result in wholesale arrests and possible closing of the tracks, it had been thought that only those receiving bets would be arrested. Instead the bettors as well were taken into custody.

Aside from the activity of the law officers, the second season of racing in Chicago after a lapse of eighteen years opened to an auspicious start. There was scarcely standing room in the grand stands when the first race started and officials estimated the attendance at over 25,000.

Not only the track itself, but outside section and the Chicago business district are being watched for bookmakers, according to Sheriff Peter Hoffman. Eighty-four officials have been set to work to prevent betting, he said. "They will not interfere with the races in any way and they have been instructed not to be officious or obnoxious," he said, "but they are there to prevent gambling."

Announcement was posted at the judge's stand during the afternoon that Harry Sinclair's Zev winner of the Kentucky Derby will run in the Illinois Derby, worth \$10,000 on July 14.

Over 500 horses are here for the 5 days of racing. Today's races were worth \$3,000.

ABEL LORRI IS PUT UNDER ARREST

Chicago, June 30.—The arrest of Abel Lorri, while he was ex-coriating building laborers to leave their work and the release on bond of Ed McChrystal, business agent of the United Building Laborers' Union, marked developments today in the walk-out of building laborers which has threatened to tie up construction work in Chicago.

Mrs. Lester Hart was numbered among Sinclair people shopping in the city yesterday.

Miss Grace Hamilton of Winchester was a city visitor yesterday.

Satisfaction — with the faithful way it performs the tasks he sets for it to do; with the fact that it requires next to nothing in the way of expert care and adjustment; with low costs that stay low all the year 'round.

Satisfaction, in short, because the Hupmobile always does the things he wants it to do in the way he wants it to do them.

tional guard and especially a position in the adjutant general's office where he might be called upon to exercise his judgment under like or similar circumstances. * * * * *

Score Officials
"The absolute failure on the part of Sheriff Melvin Thaxton and his deputies to make one single move to prevent this trouble or to try and ascertain those responsible for the killings after the massacre led to the conclusion that both the sheriff and his deputies, if not actually participating in the trouble, had full knowledge of the situation and sympathized with and acquiesced in the actions taken by those responsible for the killings. * * * * *

"We find that Melvin Thaxton and his deputies, John Shaffer and S. D. Storm, are absolutely irresponsible, incompetent and unqualified to hold any office of trust or confidence in that or any other county of the state of Illinois. They were criminally negligent in the discharge of their official duties. * * * * *

"The committee believes that Hugh Withs, state board member of the miners' union could be convicted of this murder in any other county in the state and his actions in refusing to appear before the committee more firmly convinces us of the truth of our stand in this regard. * * * * *

The committee was unable to locate W. J. Lester but got in touch with his attorney in Chicago. Every effort was made to induce Mr. Lester, who was out of the state to appear before the committee but his attorney refused to produce him and he did not appear. The committee finds that the action of W. J. Lester in undertaking a run a mine in this highly unionized territory by the use of armed guards to protect the non-union workmen, was one of the chief causes of the massacre; that his plan to operate the mine when a strike was in progress was most foolhardy and unwise. We condemn in every particular his actions in this regard and recommend that some legislation be enacted to prevent a recurrence of another such foolish and incompetent mine owner or employer."

"The committee believes that Hugh Withs, state board member of the miners' union could be convicted of this murder in any other county in the state and his actions in refusing to appear before the committee more firmly convinces us of the truth of our stand in this regard. * * * * *

HOW SWEET THESE WORDS DO SOUND

(By The Associated Press)

NEW YORK, June 30.—Beer

free drink your fill.

Words even as strange as these stand out on a sign that hangs today in the saloon of the Cosulich Liner. Presidente Wilson from Naples due to dock tomorrow, according to wireless messages. The placard was hung by the Captain Supelich, following receipt of a message from New York managers of the line informing him that the beer would be confiscated when the ship arrived and directing that it be done away with.

The ship has 1,096 passengers aboard and a lot of beer, so Captain Supelich tonight sent this message to shore:

"Consuming all beer possible. Giving it to passengers gratis. But even their capacity is limited. Will have to destroy twenty barrels or more before reaching the three mile limit."

As the message from the Presidente Wilson came in, a real wet ship, its liquors undepicted by confiscations, left port. The Lampont and Holt Liner Vandike which sailed from Buenos Aires, prior to the date when the ship dry law went into effect sailed on the return trip.

The Vandike it was announced would stop at Hamilton, Bermuda on this trip, inaugurating a new service for all ships of the line. Hereafter Lampont and Holt Liners will make Hamilton a port of call, leaving their liquor stocks there when enroute to American ports and restocking on the southern trips.

BRAZIL'S 1922 TRADE BALANCE SHOWS SURPLUS

Rio De Janeiro. (By A. P.)—Brazil's balance of trade for the year 1922, according to official figures published here, showed a surplus of about 679,000 contos of reis or slightly less than a hundred million dollars. The two preceding years, the balances were against the country, which indicates a notable change in the currents of foreign trade during the last year.

GERMAN PRESS IS JOINING IN STORM OF INDIGNATION

Caused by Death Sentence on Seven Germans

(By The Associated Press)

BERLIN, June 30.—France wants to "drown in German blood the resistance to which we have been forced in peace time on the Rhine, the Moselle and the Ruhr," says the Allgemeine Zeitung today joining in the general storm of indignation expressed by the German press over the sentencing of seven Germans to death for sabotage by a French court martial in Mayence.

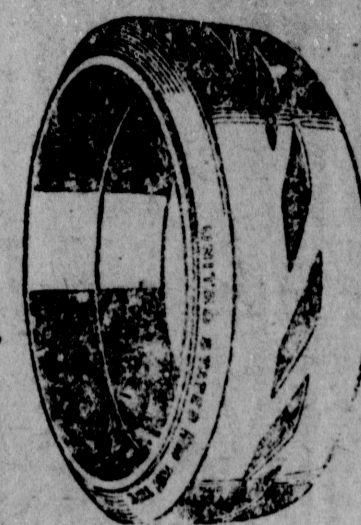

The Germans are being executed in an effort to strangle the passive resistance campaign the newspaper charges but, France will not be victorious and "this blood will not have flowed in vain."

It concludes with the quotation: "May some avenger arise from our ashes."

The other newspapers comment in a similar strain expressing the conviction that these wholesale death sentences must surely awaken the outside world to the "monstrosity" of the French conduct in the occupied area.

AUTOMOBILE REVOLUTIONIZING BUSINESS

Babson Sees New Era on Wheels

Albany, N. Y., June 28.—Roger W. Babson was today asked what is the greatest factor with which the banker, manufacturer, and merchant must reckon during the next 20 years. He at once answered, "automobiles." His complete statement is as follows:

"We all marvel at the great growth of the automobile industry, the capital invested, the men employed, and the auxiliary lines which have developed on account of automobiles. Some of us try to figure what this capital and these men would be doing today if it were not for automobiles—how many more homes there would be—how much more railroad mileage, etc. Very few, however, have realized that automobiles are entirely changing the fundamental character of our children and this in turn may revolutionize many industries.

"When we were children a ten mile drive was a considerable trip. A hundred and fifty miles was a great journey for which we would prepare for weeks. Many of us never traveled that far until we were grown up. Today, however, the situation is very different. Young children will go a hundred and fifty miles for a Sunday drive. Our young people use automobiles to go to the store and to go to church. It has become a necessity. We are raising a generation which will actually work and play on wheels.

"This cannot help but greatly develop certain industries and harm others. At present the automobile is greatly helping the building industry because of the millions of people moving from the cities to the suburbs and country. After, however, this exodus has been completed the building industry will fall flat. Why?—because instead of a young married couple only saving for a little home—they have a car or rather they buy a car on credit. Less money will be spent upon clothing than otherwise would and a different kind of clothing will be in demand. New diseases will develop and a change in diet will be necessary. A generation on wheels must eat much more fruit and fresh vegetables than a generation which walks.

"Every business man should

study this problem and ask himself how his business will be effected when a generation lives which almost never walks. The road builders will be greatly benefited; but the shoe dealers must suffer. With a given population, less is produced by a generation on wheels than by a former generation which did not know the automobiles. If less is produced, there will be less to divide. This means that many people must go without other things if they insist on having automobiles, and my guess is that they will so insist.

"I believe in the permanence of the automobile industry—alho, of course, many small manufacturers will be crowded out and 1924 may see an over-production of cars. The industry as a whole, however, is stable and is here to stay. The difficulty's coming when the man who now buys on credit, and assesses his employer to pay the bill, can no longer do this. Most industries will stand such an assessment once; but very few industries can stand such an assessment continually. The laborer whom you are now paying \$25 a week can buy his first car and can assess you to pay for it by demanding \$30 per week instead of \$25. But can he assess you for his second or third car; and his children do the same thing? Frankly, I do not know. Only the future can tell.

"The automobile industry is largely responsible for the condition of business today. The fact that the Babsonchart stands at 1 percent above normal compared with 17 percent below a year ago is due largely to the automobile industry. When one considers that during the first six months of 1923 most states will show as many new registrations as during all of 1922—it is remarkable that business has not boomed more. The only answer is that people have bought automobiles instead of buying something else—that is, the sales of other things have fallen off correspondingly. The Law of Action and Reaction is absolute. Now what will be the reaction of a new generation which knows not the joy of walking?"

PUBLIC SCHOOLS URGED TO TEACH HEALTH THEORIES

SAN FRANCISCO.—(By the A. P.)—The social organization was compared to an intricate machine by Dr. Oscar Dowling, state health officer of Louisiana, at a meeting of the Preventive and Industrial Medicine section of the American Medical Association convention here today.

Dr. Dowling said that for proper operation, health is fundamental.

"Health implies right conditions of growth and development for the child, proper heredity, parental care of the mother, recreational direction and an ideal environment," he added. "In securing these results every part of the body politic bears a reciprocal responsibility." He emphasized particularly the need for teaching the principles of hygiene, citizenship and the right social order in the public schools.

The discussion was continued by Dr. Frederick D. Sticker of Portland, Oregon, with a plea for more efficiency and less spectacular demonstration in public health work. He compared such exploitation to "Blue Sky" as it relates to stocks and bonds.

The session closed with a paper by Dr. John Sundwall of the University of Michigan, who urged constructive health activities in the public schools. "The most effective and far-reaching results to be anticipated in our present nation-wide health movement," he said, "are now being conducted in the public schools. The impressions of childhood and the habits formed in early life are lasting.

"There should be ingrafted into the school boy and girl, by repeated and prolonged precept and example, ineradicable health habits. When every school establishes and maintains an agency by which these objectives in human conservation are realized, then our public health problem will be solved and our society will heal itself. Every endeavor must be made to organize efficient health services supervised by full-time, adequately trained teachers whereby a consummate and progressive health program will be sustained."

Frankie Frisch Is Crowding Wheat For Honors In National

Fordham Flash First to Reach 100 Hits in Old League—Haney Runnerup to Heilmann in the American League—Merry Battles for Honors in the Minor Leagues

CHICAGO, June 30.—(By The Associated Press).—Frankie Frisch, the "Fordham Flash" of the New York Giants smashed out his 100th hit last Wednesday and is the first player in the major league to touch the century mark. He also shot himself into second position among the batters of the National League, who have participated in 40 or more games, according to averages released today which include games of last Wednesday. He is hitting .382 and is the runnerup to Zack Wheat of Brooklyn, who increased his average thirteen points, and tops the list with .392. Charley Grimm of Pittsburgh underwent a batting slump and slipped to third place, four points in front of Bob O'Farrell of Chicago, whose batting in the last few weeks has been sensational. O'Farrell's brilliant work includes seven homers and fourteen doubles.

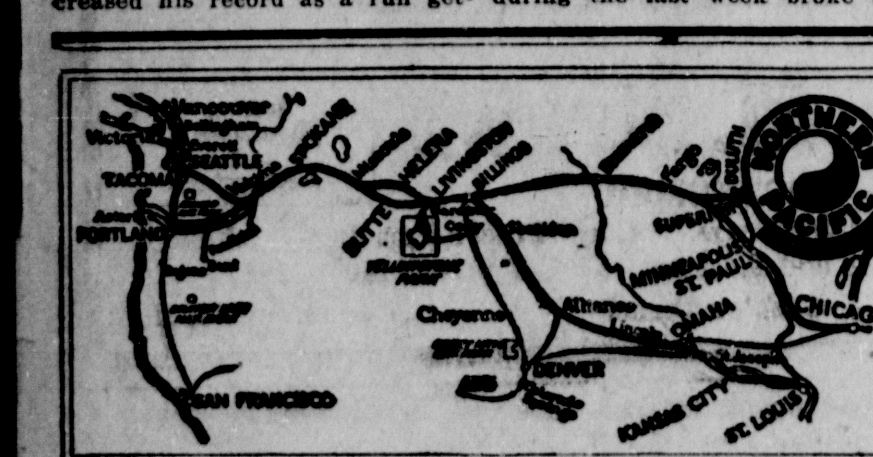

George Grantham, of the Cubs, is steadily pulling away from the other star base stealers, and by the piling of four sacks during the last week ran his string up to 17.

Cy Williams of Philadelphia, leads in home runs with 20. Williams, since his return to the game, has had a batting slump which has carried him out of the leading group. His total base record, however, was brought up to 146, which is six more bases than credited to Jimmy Bottomley of St. Louis.

Other leading batters: Mott, Philadelphia, .359; Young, New York, .358; Bottomley, St. Louis, .357; Roush, Cincinnati, .356; Fournier, Brooklyn, .342; Earl Smith, Boston, .342; Southworth, Boston, .341; Traynor, Pittsburgh, .335; Tierney, Philadelphia, .335.

Fred Haney, of Detroit, one of the newcomers is debuting with the veterans at the top of the batters in the American League. Haney is fourth with an average of .356. A week ago he was sixth. His team mate, Harry Heilmann, continues to head the list. Heilmann is batting .425. Charley Jamieson, of the Cleveland Indians, gained one point and moved into second place with an average of .370. Eddie Collins of the White Sox lost six points and dropped to third place with .363. Collins improved his record for stolen bases and now has 26, a gain of two over the previous week. He also ran his string of sacrifice hits to 20.

"Babe" Ruth has been unable to improve his long distance hitting mark of 14 homers, but increased his record as a run get-

Cowboys!

—in the Northern Pacific Country

ON AND OFF, for a thousand miles or more, the Northern Pacific runs through a land where the cowboy is a familiar part of the landscape. You see him at railroad stations or galloping "cross-country," or on a hillside, a smile away, rounding up his charges.

The cowboy is as picturesque a figure as he ever was. See him at a "round up"! See him mount and utterly subdue a broncho! See him rope, throw and tie a steer—in 37 seconds! Whew!

When you go west, this summer, plan your trip so that you will be present at at least one of the "Wild West" celebrations listed below: Whoopie-ee!

"She's Wild" Roundup, Bozeman, Montana, August 3, 4.
Frontier Day, Cheyenne, Wyoming, July 24 to 27, Inc.
Annual Roundup, Pendleton, Oregon, Sept. 20, 21, 22.

Bozeman is on the Northern Pacific's main line. Cheyenne is on the Billings-Cody-Denver line of the Burlington Route—see the map—and can be visited on the way back from Yellowstone Park. Pendleton is easily reached from Spokane.

Huhn of Mobile is threatening to become the real leader among the Southern Association batters, since Richbourg of Nashville, was forced to retire because of a broken leg after setting a mark of .378. Huhn is trailing Richbourg with an average of .366. Leonard of Chattanooga is third with .352 and R. Williams of Mobile next with .344.

Herman of Atlanta failed to add to his home run record of 7. Murray of Nashville added six runs to his record as a leading run getter, bringing his string to 58. Neun of Birmingham has forced ahead for stolen base honors and is now showing the way with 25 thefts.

Other leading batters: S. Clarke, Birmingham, .336; Herman, Atlanta, .335; Taylor, Birmingham and Memphis, .328; Cueto, Mobile, .327; J. Miller, Birmingham, .327; Foss, New Orleans, .323; Bernsen, Nashville, .320; Beck, Memphis, .320; Haley, Nashville, .320; Tucker, New Orleans, .320.

Western League
Lamb of Tulsa is the first player in the Western League to crack out his 100th hit. Bauman, a teammate, is topping the hitters with an average of .395 but is being closely pressed by Horan of Des Moines, with .391. Palmer of Sioux City is third with .379.

C. McDowell, Wichita is showing the way with 17 home runs while Davis of Tulsa has 16. Felber of Oklahoma City is leading in stolen bases with 22 while J. Griffin of Omaha has pilfered 20.

Blakesley of Wichita is leading in total bases with 162. His hits include 24 doubles, 7 triples and 10 homers.

Other leading batters: Blakesley, Wichita, .377; McLarry, Des Moines, .363; J. Griffin, Omaha, .362; T. McDonald, Omaha, .357; Query, Sioux City, .356; Lelivelt, Tulsa, .351.

DETROIT SCORES

FIVE RUNS IN FIRST

Defeated St. Louis for Second Time—Batted Danforth Off the Rubber

ST. LOUIS, Mo., June 30.—Scoring five runs in the first inning Detroit today defeated St. Louis, 7 to 3. It was the visitors' second straight victory over the Browns. Danforth was batted out of the box in the first at-bat or Detroit had found him for two doubles and three singles. Cobb was not in the lineup because of a sore right knee.

Faber Beats Morton in First—T. Blankenship Holds Cleveland Scoreless in Second Till Ninth—Speaker Hits Homer with Bases Loaded

CLEVELAND, O., June 30.—Chicago took both ends of the double header with Cleveland today, 3 to 1 and 5 to 4. In the first game, Faber had the better of a pitching battle with Morton. T. Blankenship held Cleveland scoreless in the second game until the ninth inning when Manager Speaker hit for a home run with the bases filled. Cleveland tried out Knoke, University of Michigan first baseman in the second game and the youngster acquitted himself brilliantly in the field besides making a hit.

Hooper hit the first ball pitched in the first game for a home run.

DOUBLE STEAL WINS GAME FOR CHICAGO

Scored Winning Run in Eighth Inning—Keen Pitched Hitless Ball Until Seventh

CHICAGO, June 30.—A double steal by O'Farrell and Miller, in which the former scored enabled Chicago to defeat St. Louis 3 to 2 today. Keen pitched hitless ball until the seventh, when the Cardinals bunched three hits, with a sacrifice and Elliott's error and scored two runs. The locals scored their first two runs by bunting hits.

After O'Farrell had scored on the double steal, the ball rolled from under Ainsmith and O'Farrell and Keen thinking the side had been retired picked up the ball as Miller ran for third. The visiting players protested and Miller was called out for Keen's interference.

BABE ADAMS DOWNS CINCINNATI 4-3

Scored Winning Run in Eighth Inning—Keen Pitched Hitless Ball Until Seventh

PITTSBURGH, Pa., June 30.—Pittsburgh made it two out of three games by defeating Cincinnati 4 to 3 today, scoring the winning run in the ninth inning. Babe Adams pitched sensational ball after the first inning when Cincinnati scored two runs. Carey knocked a home run in the fifth inning. Traynor was spiked by Roush in the seventh inning and gave way to Ens.

Adams, the only surviving member of the Pirates' world championship team of 1909 was presented an automobile by John A. Heydler, president of the National on behalf of the Pittsburgh fans who celebrated "Babe Adams Day" today. His teammates gave Adams a hunting gun.

THAYER NATIONALS
HERE THIS AFTERNOON

The Thayer Nationals will be here for the afternoon game with the Indians. When the fact is considered that they recently trimmed the Virden Slovachs and also that the Indians a lacing fans should expect some interesting moments in the game especially as the local team has shown in the last two games that they are out of their slump. Their "dander has rized" on account of the many trimmings they have received this season and spectators will probably witness a real honest-to-goodness contest when Tom Doyle brushes off the plate and calls, "Play Ball!"

CHAMPION WILL DO
FINAL BOXING TODAY

GREAT FALLS, Mont., June 30 (By the A. P.)—Jack Dempsey reached the final stages of his training today without injury to his hands or the healed cut over his left eye when he boxed four light rounds, stepping two each with Jack Burke, the Pittsburgh light heavyweight, and Billy Wells, the British welterweight.

Before pulling on the gloves, the champion hammered the punching bag for a round and then jumped into the ring for a round of shadow boxing to get warmed up.

A sudden thunderstorm and hail storm breaking over the champion's camp five minutes before he was ready to start his workout drove him to the shelter of his indoor gymnasium which was jammed to the doors.

Dempsey perspired freely despite a chilly wind that swept thru the open sides of the building. The champion kept his punches in restraint, permitting his sparring partners to do most of the leading, while he weaved in and out of range with a bobbing crouch.

Whenever Dempsey thought his sparring mates were landing too frequently he would pile them into the ropes and show them up with hooks to the body or a short right cross to the chin.

While boxing with Burke, Dempsey used his famous "rabbit" punch effectively, clubbing the Pittsburgher on the back of the head in the clinches.

Wells pranced around Dempsey scurried to cover under the champion's leads, and gave an exhibition of aggressiveness that brought delight to the crowd in the pavilion.

The champion, while boxing Wells gave an indication of what Gibbons may expect if he attempts to box at long range. That was rushing Wells to the ropes and forcing the Britisher to lean back over the hempen barriers while he hooked short right and left swings to the body.

Dempsey will do his final boxing tomorrow probably going four rounds against Wells and Burke.

BLACKFEET INDIANS
WATCH GIBBONS WORK

SHELBYA Mont., June 30—(By The Associated Press)—His outdoor arena fringed with a circle of fifty Black Feet Indians and squaws in picturesque regalia and war paint, Tommy Gibbons newly anointed "Thunder Chief" of the tribe, went thru his daily war dance with his sparring partners today.

It was one of the final workouts Gibbons will have before he clashes with Jack Dempsey here July 4th. He boxed 15 rounds three of them fast and furious, the others tame and sometimes comic. Tillie "Kid" Herman and Jimmy Delaney sent Gibbons into high speed and received the only severe punishment the challenger meted out today.

More than three hundred spectators sat in the hot sun and watched him work. The Indians was inducted Gibbons into the Black Feet Tribe Thursday suddenly swarmed into the arena on horseback when the challenger was exercising, gave a few war whoops and settled back in their saddles to watch him do battle with his mates.

When he finished they applauded him with the wild cry of the plains which once meant that redskins were on the warpath.

The tickets for the July 4th bout were being sold rapidly at fight headquarters today.

Phil Campbell, ticket manager, said the demand indicated that purchasers had held off buying tickets until definite assurance had been given that the third \$100,000 would be paid Dempsey on schedule. Officials are confident that \$100,000 will be received for general admission by Wednesday. Consequently the total gate receipts for the bout, it is estimated will exceed \$300,000.

Souvenir purveyors are making their appearance on the streets by increasing numbers. Medals, designated official souvenirs of the bout miniature boxing gloves, badges and other mementos all bearing the champion and the contender are being sold in wholesale quantities.

ATTENTION, BUDDIES!

Why not start the "Ford Weekly Purchase Plan" now, and when your bonus comes about July 1, you'll be "Sitting Pretty."

*The 1st series B Class, matured June 1, worth \$100.89 per share, having earned over 9 6-10 per cent per annum for 6 years and 5 months.

The Jacksonville Savings & Loan Association is one of over 700 in Illinois under state supervision. The average cost of doing business has been seven-tenths of one per cent on assets of \$128,251,000.

Profits are compounded each six months and each member shares in proportion to his savings. When value of shares reach \$100 they are matured. Monthly savings plus profits make the \$100.

Money saved in the association remains at home. It makes homes; goes into every business in our city, and is again distributed through the banks among Jacksonville people. Money invested in outside stocks and bonds leaves the community. Keep your money at home.

New series are now being issued. There are three classes—In the A Class one pays 50 cents per share; in the B Class \$1.00 per share. These are paid each month. In the C Class \$50.00 is paid once and left until profits reach \$50., making matured value of \$100.

Thus members can make big profits on monthly savings or have a safe and highly profitable place for investments of larger sums.

We need your money—You need our plan of saving.

WELL KNOWN FIRM TO BE REORGANIZED

Will Incorporate F. J. Waddell & Company—F. H. Plouer, Cal. O. Gordon and Others Associated in Enterprise—Mr. Waddell Retiring from Active Business

Announcement was made yesterday of a change in the ownership of the store of F. J. Waddell & Co., and a dissolution sale is to begin tomorrow. F. J. Waddell is to retire from the business with which he has been actively identified for a period of years. Carl O. Gordon will become associated with Frank H. Plouer in the ownership and management of the business, and some of the older employees of F. J. Waddell & Co. will also become stockholders. The new firm will be incorporated under the name of F. J. Waddell & Co.

For a period of years Mr. Plouer, who was in the beginning an employee of the company, has owned a half interest in the business. The store of F. J. Waddell & Co. has through the years conducted a very successful business in a constantly widening trade area, and in the reorganization the value of the firm name is recognized as a distinct asset and will be used in the incorporation plans.

Mr. Waddell began his experience in the dry goods line in the early 90's, when with O. H. Kuehler and Carl S. Hillerby he established the O. K. store on the west side of the square. Subsequently his two partners retired and he became the owner of the business, which has been conducted under the name of F. J. Waddell & Co.

In 1910 when Hoffman Bros. offered their business for sale, Mr. Waddell became the purchaser and the west side store was consolidated with the larger establishment of Hoffman Bros. in the present building occupied by F. J. Waddell & Co.

A Growing Business
As already indicated, the business has been developed and enlarged with the years and has been rightly accounted one of the most successful business houses in Jacksonville. Very high class service has been maintained, a fact on which the business has been developed and there is every reason to expect that there will be further growth.

It will be a matter of satisfaction to the many friends of Mr. Waddell to know that he has no thought of leaving Jacksonville and expects always to call Jacksonville his home. His retirement from business is altogether a matter of health, as he has for some time realized that his strength was not equal to the demands of an active retail business.

Mr. Plouer was with Hoffman Bros. for some years prior to the F. J. Waddell & Co. purchase and subsequently in accordance with an agreement with Mr. Waddell began the purchase of stock, until several years ago, it was announced that he had become a half owner of the establishment. He is thoroughly versed in the business and so entirely qualified for the responsibilities of majority stockholder in the reorganized concern. Mr. Plouer will now proceed with the necessary steps to incorporate the business under the laws of the state.

Mr. Gordon is by no means a stranger in Jacksonville. He is a son of the late James B. Gordon of Lynville and lived for a number of years in Jacksonville when he was a student at Illinois college, where he graduated. Subsequently he became superintendent of schools at Spokane, Wash., and held a position of increasing responsibility there for thirteen years. Then for a brief period he became business manager of the Wells-Gordon Building Co., with which he is still identified. However, about a year ago because of family interests he returned to Morgan county and has been living in Woodson pending an opportunity to engage actively in business in Jacksonville.

Just as soon as a home can be found in this city Mr. and Mrs. Gordon, their two sons and Mrs. Gordon's mother, Mrs. A. E. Cline, will come from Woodson to Jacksonville. Mr. Gordon is a man of the highest standing and with the experience that he has had will without a doubt be a valued addition to the business life of Jacksonville.

As indicated above, a dissolution sale has been announced brought about by the adjustments that are necessary in a business transaction of this size.

Jacksonville's Pride

For many years Jacksonville has been a center of culture and achievement. For many decades one of its glories has been the educational institutions at its heart. Of these, none has grown more wonderfully or more strongly than Illinois Woman's College. Because of it Jacksonville has become a nationally known name, and students from every section of the country are in its halls every year.

In the thirty years of President Harker's administration the enrollment, the equipment and the endowment have grown in a marvelous way. The strength of its courses, the influence of its administration have so attracted young women that even though building after building has been added, the Woman's College now faces the situation where it must expand and further strengthen its financial resources or be doomed to retrogression.

Jacksonville knows this. Jacksonville knows thousands upon thousands of dollars that the college pays into its varied forms of business every year. Jacksonville knows the families Illinois Woman's College brings to the city. Jacksonville knows how much real estate they buy, how much they contribute to the commercial prosperity of the city. Jacksonville knows how essential to its intellectual and spiritual life the Woman's College is. Jacksonville knows that having grown to its present size it cannot stop now without fatal results. Jacksonville knows that the Woman's College must continue to grow and that continuance of growth means buildings and larger endowment.

Of this present \$500,000 asking of which Jacksonville has set itself the goal of \$1,000,000 \$400,000 will be used for endowment, and Jacksonville's \$100,000 will go into a new building that will grace the city permit the college to expand, draw more students from more sections to this center and in every way strengthen and confirm that type of education for which the church stands and which is the hope of the world.

If we Jacksonvilleans look back 75 years and take out of those years Illinois Woman's

College, its students, its history, its contribution to the life of Jacksonville, and its ramifying interest in our city's life, there would be left so great a void that no citizen would recognize his home town. Thinking back in this way, seeing the largeness of the life the college has lived and has made it possible for Jacksonville to live, it is a good time to think forward a bit and see how in proportion this new increase in the capacity and resources of Illinois Woman's College will strengthen the city for its future.

There are ways and ways of looking at this matter. One is to see it as a cold, calm, commercial proposition. Seeing it thus, Jacksonville dare not fail to roll up this \$100,000 for the college. Every dollar that Jacksonville gives will bring four other dollars from outside the city if this movement succeeds. No business man can fail to see the commercial advantage of such a proposition.

Viewing it from the social side, it is equally essential. The new building will accommodate more students who will add new interest, new force to the life of the college. These in turn will bring other residents to the city who in turn will make their contribution of life and money and service.

From another angle this \$100,000 which Jacksonville is to contribute will make more efficient the educational standards in effect at the Woman's College. Always, it ranks at the very top in the scholastic world. But it must expand, have more laboratory room, more dormitory space, more money for equipment and more endowment. Jacksonville's \$100,000 will provide some of these, and make possible the larger enrollment.

From another angle Jacksonville's \$100,000 which must be pledged by midnight of July 3, will make possible the inspiring and sending forth of more students to do more and larger work in the world and to increase the safe, intelligent leadership of the world.

These are some of the things that Jacksonville's \$100,000 will do.

BART GOUGHERTY DIES SUDDENLY

Well Known Character Passed Away While Being Taken to Hospital—Coroner Rose Will Hold Inquest

Bart Gougherty, a well known character about Jacksonville, died suddenly Saturday afternoon as he was being removed from the residence of Thomas Hennessey, 1432 Center street to Our Saviour's hospital.

He had been complaining for several days that he was not feeling as well as usual and had been staying at the Hennessey place. Yesterday afternoon the police were notified that he was very ill and after notifying Dr. H. C. Woltman, Officers Baker and McGinnis took the ambulance and removed him to the hospital but he died about the time they arrived and before the arrival of Dr. Woltman. Coroner Rose will probably hold the inquest Monday.

Deceased who was about 50 years old, was born and raised in Jacksonville and was formerly a bridge-carpenter. He was the son of Mr. and Mrs. John Gougherty, his father being a section foreman in Jacksonville for many years before his death. He is survived by one brother, John of 3426 Wallace street, Chicago, and two sisters, Mrs. Mary Bradac of 3427 Summit street, Kansas City, Mo., and Sister Mary Laramore of Dominican convent, Springfield, who was formerly Miss Julia Gougherty.

The body was removed to the Carroll undertaking parlors for preparation where it will be held until funeral arrangements are completed.

DELEGATES TO YOUNG PEOPLE'S CONFERENCE RETURN

A number of the local delegates to the Congregational young people's conference at Dixon returned late yesterday afternoon. Misses Caroline Doane and Florence Cranwell, John Putnam, Albyn Wolfe and Rev. G. E. Stickney motored to the city from Dixon, a distance of 210 miles and found the trip a most enjoyable one. Deane and Mrs. G. H. Scott returned Saturday afternoon by train.

Misses Lavina and Elizabeth Scott went from Dixon to Chicago for a visit with Franklin Scott and will also visit their grandparents in Rantoul, returning to this city in about a week. Mrs. Stickney has gone up into Wisconsin for a visit with relatives and will probably be absent from the city for a number of weeks. The homcomers give a most enthusiastic report of the conference, which was attended by about 175 young people from all parts of the state.

CAMPAIGN FOR FUNDS MOVES STEADILY

Woman's College Pledges Now Total \$37,230—More Workers Will Be Secured for Remaining Days—Special Committee to Seek Hotel Stock

Reports at the conferences of workers in the Woman's college campaign Saturday evening brought the total to \$37,230. This means that between the present and Tuesday at midnight \$62,770 must be raised in order to complete Jacksonville's quota and make the campaign a success. Team reports Saturday were:

H. M. Andre, \$200.
Dr. A. B. Applebee, \$195.
F. J. Blackburn, \$1,150.
J. W. Larson, \$590.
C. Y. Rowe, \$295.
H. A. Williamson, \$250.
Specials, \$300.
Vicinity, \$2,519.

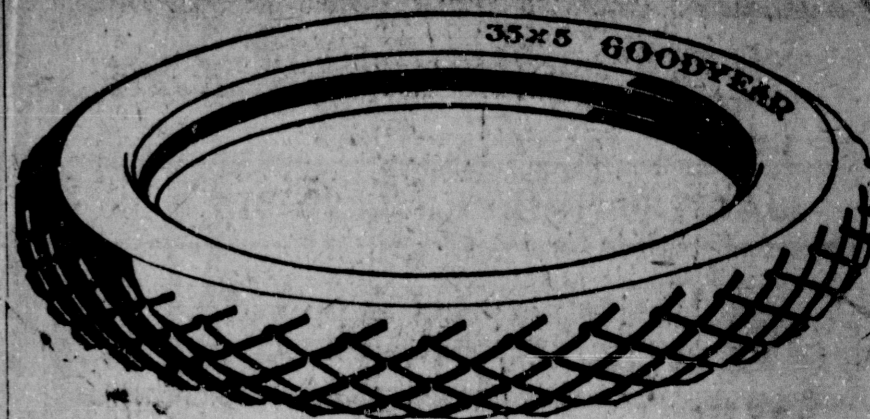

H. J. Rodgers and Mayor E. E. Crabtree divided the task of the chairmanship last night and brief talks were made by Dr. Terry, Mrs. E. C. Lambert, Rev. C. P. Johnson, F. E. Wanamaker, J. W. Merrigan, J. W. Larson, Mrs. Lillian King, Dr. J. R. Harker, Rev. T. H. Tuill, M. F. Dunlap and T. M. Coyle.

Mention was made by Dr. Terry that this is gleaming day in the 450 churches of the two conferences, and that it is reasonable to expect that an average of \$100 will be raised in each of these churches. Such a sum will bring the total of the two conference contributions up to the \$1,000,000 mark, leaving \$250,000 to raise on Monday and Tuesday.

While the Jacksonville returns are not discouraging it is evident to the campaign managers that more workers must be secured to gether with larger subscriptions, in order to make the campaign a success within the limit.

While 10 to 15 workers are assigned to each team, as a matter of fact not more than four or five have been at work. This is reflected in the fact that there are less than 300 pledges and hundreds of people have never been asked for contributions. The campaign managers expect to correct this difficulty at once and additional workers will be drafted.

SAYS LABOR BUREAU PUTS HEAVY LOAD ON BRITISH TAX PAYERS

Daily Mail Says It is Not Averse to Taking
on a Few Capitalistic Ideas—Costs League
of Nations 349,768 Pounds Sterling—
Employees Have Holiday With Pay

London, (AP).—The International Labor Bureau of the League of Nations is not averse to taking on a few capitalistic ideas in the matter of salaries and expenses, says a correspondent of the Daily Mail in an article in which the bureau comes in for criticism. He declares that the Bureau costs the League of Nations £349,768, which is about one-third of its revenue.

The offices of the bureau at Geneva are described as situated in a large private school building near the city. The staff of the bureau is composed of some 389 persons, 80 of whom are British subjects. Fifty-three of these are earning from £800 to £3,600 a year, and their salaries are free from anything that resembles an income tax. Further, these employees are allowed a six weeks' holiday every year, and their expenses paid to their place of residence. The cost of sending their families to Geneva also is met by the League, as well as special motor bus transport to and from the city to the offices, and the mid-day meal.

Teas, which were provided at an annual cost of 160 pounds sterling, are no longer on the free list. This, and a reduction in the cost of office supplies and the expense of a courier between Geneva and Paris are the work of an economy expert sent recently by the British government to investigate the operating costs of the bureau.

The individual salaries range from 200 pounds sterling a year for office boys to 400 pounds sterling for stenographers, to 3,600 pounds sterling for the remuneration paid to the director, Albert Thomas, the former French Socialist minister.

The correspondent of the Daily Mail has figured out that the British taxpayers donate 30,000 pounds sterling every year to this bureau, whose work is described as being "the recommendation to more backward states of labor

legislation calculated to bring them into line with the practices of western countries, and of accumulating and furnishing upon demand authoritative information about labor conditions all over the globe."

WOMEN VOTERS LEAGUE COMMITTEE TO MEET

Executive Committee of National League of Women Voters to Have Important Meeting this Week at Lynn, Conn.

An important meeting of the executive committee of the National League of Women Voters will be held, beginning July 2, and continuing for several days, at the home of Miss Katherine Ludington, treasurer at Lynn, Connecticut.

Public interest centers in the report of Mrs. Maud Wood Park, president of the league, who has been in Europe for two months interviewing prominent women of many countries on the question, "What can American women best do to serve the cause of world peace?" The league adopted this problem as one of the major divisions of its program at the annual convention in Des Moines in April and constructive work is expected to follow Mrs. Park's recommendations.

Detailed reports will also be made on three months progress in other phases of the work of the league as outlined at the annual convention. Miss Belle Sherwin, chairman of the department of efficiency in government, will speak of the league citizenship schools, particularly of the co-operation with Columbia University, New York City, July 16 to 27. This institute with a distinguished faculty will draw representative women from all parts of the country to study the persistent problems of law-making and government with which the woman voter is confronted.

The application of the league of Women Voters of Hawaii for affiliation with the National League will be acted upon by the executive committee. Commenting on this application, Mrs. Minnie Fisher Cunningham, executive secretary, said: "We have been greatly pleased at the enthusiasm of the women of Hawaii and the interest in active citizenship which they display. They have organized a very large league with Mrs. F. F. Bunker as chairman, and the Princess Kahanalana as first vice-chairman, and ordered literature on the problems of city government by the thousand copies."

The members of the executive committee who will attend the meeting at Lynn are: Mrs. Maud Wood Park, president, Washington, D. C.; Miss Belle Sherwin, first vice-president, Cleveland, Ohio; Mrs. Solon Jacobs, second vice-president, Birmingham, Alabama; Miss Ruth Morgan, third vice-president, New York City; Miss Katherine Ludington, treasurer, New York City; Miss Elizabeth J. Hauser, secretary, Girard, Ohio; and Mrs. Minnie Fisher Cunningham, executive secretary, Washington, D. C.

WOODSON

Rev. and Mrs. A. E. Powell returned Friday evening from Aurora, where they attended the state Sunday school conference. Mrs. Powell was a delegate from Morgan county and appeared on the program Wednesday morning. The conference was attended by about 900 persons and was a most enthusiastic gathering.

Mrs. George Staples has been somewhat indisposed for the past several days.

Mr. and Mrs. Fred Spreen of Jacksonville visited Friday and Saturday with Mr. and Mrs. Charles Spreen.

Mr. and Mrs. Edward Gallagher are anticipating a visit from their son and wife, Dr. and Mrs. J. E. Gallagher of Chicago. The visitors will arrive today for a stay of several days.

All are invited to hear Dr. C. B. Childs, anti-saloon league worker, at the Christian church Sunday evening. Dr. Childs will speak at the Presbyterian church at the morning service, and it is hoped that large audiences will greet him on each occasion, as he is a speaker of special ability. The members of the Sunday

school of Unity Presbyterian church will serve ice cream and lunch at the Colton building July Fourth.

Forceful Facts Concerning the Interests of Former Soldiers, Sailors and Marines

The United States Army Air Service now holds 14 flying records.

The Quartermaster Department of the United States army is 143 years old.

It has been proposed to change the uniform now worn by enlisted men in the United States navy.

There are now 102,684 chevaliers, 17,129 officers and 2,400 commanders of the French Legion of Honor.

The enrollment of Civil War veterans in Pennsylvania has decreased from 45,101 in 1894 to 7,437 at the present time.

The Infantry School, established at Fort Benning, Ga., has graduated more than 1,200 officers of all grades.

France is paying 8,800,000,000 francs in interest yearly on money borrowed to reconstruct devastated regions and to pay pensions.

Camp Knox, Kentucky, will be the largest individual training center in the United States for 1923. More than 12,000 men will be in the camp at one time.

The Congressional Medal of Honor and the British Victoria Cross are the two highest honors awarded by the United States and England, respectively, for conspicuous bravery.

The United States has 91 national cemeteries. Eighty-two are in the United States, one in the City of Mexico, and the others in France, England, Belgium and the Philippine Islands.

A soldier of the United States army in Federal service and in uniform should never wear a medal presented to him by a state, municipality, or society, but only those of the Federal government, or a foreign government.

The body of Colonel Charles Young, the only negro officer ever to reach that rank in the United States regular army, was recently buried in Arlington National cemetery with military honors. He was a graduate of West Point.

The Advanced Flying School of the United States Army Air Service was recently opened at Kelly Field, San Antonio, Texas. There are 80 cadets and student officers from every branch of the army and all parts of the country.

There are five societies, membership in which is restricted to descendants of Revolutionary soldiers or sailors: The Order of the Cincinnati, the Sons of the Revolution, the Daughters of the Revolution, the Sons of the American Revolution, the Daughters of the Revolution and the Daughters of the American Revolution.

In commemoration of France's dead, a monument was recently presented to the village of Peille, near Monte Carlo by Mary Garden, the celebrated opera singer. She was elected president of Peille to serve six months out of the year. Miss Garden was godmother to the village soldiers during the World war.

A catalog of American cemeteries in Belgium, England and France, giving the block, row and grave of all Catholic soldiers buried therein, is being issued by the department of historical records of the National Catholic war council. The catalog will give the name of each soldier, his town and State, and the military organization with which he was identified at the time of his death.

Francis Scott Bradford, a native of Appleton, Wis., and a World war veteran who took up painting while awaiting his discharge from the army, won the Prix de Rome in painting in New York City. The fellowship is worth \$1,000 a year for three years, with free residence in the American Academy in Rome and opportunity for extensive European travel. Bradford participated in the St. Mihiel offensive and was wounded twice by machine gun fire.

Upon the return of the six American war mothers, who participated in the Memorial day exercises in Paris, they will conduct a fight to obtain legislation providing Federal aid to enable the mothers of the 40,000 sons buried in France to visit their graves. The plan, which will be organized thru the United American War Mothers, will seek either to have the Government provide trips for women in straitened financial circumstances, or to allow mothers to travel on transports and pay the same rates as the families of army officers.

CHURCHES

First Baptist church—A very capable corps of teachers are in charge of the Biblical instruction in the Sabbath school. You will profit by being present at 9:30 a. m. The morning worship occurs at 10:45 a. m. The pastor will deliver the message of the morning. Mrs. O. H. Wilder will sing. The Senior B. Y. P. U. will meet at 6:30 p. m. Paul Gard is president and Gail Jackson is chairman of the program committee. All young people of the city and any others who may be visiting in Jacksonville will receive a hearty welcome at this young people's meeting. Instead of the regular evening worship the Baptist church will join with the other Protestant churches of the city in a union outdoor service to be held on the north side of Academy Hall. This meeting will begin at 7:30 p. m. and an interesting and inspiring hour will be guaranteed everyone. Due to the fact that our regular mid-week service is scheduled to come on our national birthday, July 4 there will be no meeting this Wednesday evening.

Grace Methodist Episcopal church—Thomas H. Tull, pastor. Sunday school at 9:30 a. m. T. V. Hopper superintendent. Morning worship at 10:45. Theme of sermon by the pastor: "For the Sake of Others." Intermediate and Senior Epworth league at 6:30 p. m. Union service on Grace church lawn at 7:30 p. m. Dr. Thomas Smith will deliver the sermon. Daily Vacation Bible school will open for the last week on Monday morning at 9 o'clock. On Friday evening at 7:30 an entertainment and exhibition of the work of the school will be given at Grace church. Everyone invited.

Northminster Presbyterian church—Walter E. Spooner, minister. Preaching at 10:45 a. m. The pastor will take for the morning theme: "Righteousness Exalteth a Nation." There will be no evening service on account of the union service on the lawn of the Grace church. Sunday school at 9:30 a. m. William Bieker, superintendent. Because of the fine weather we look for a large attendance. Prayer meeting on Wednesday evening. The Sewing Circle will meet Wednesday afternoon.

Salem Evangelical Lutheran church, East College and South East streets—Fifth Sunday after Trinity. Sunday school at 9 a. m. Public worship in English at 10 a. m. and in German at 11 a. m. There will be no evening service. At 2 p. m. the regular semi-annual congregational meeting will be held. All voting members are urged to be present. The L. W. C. will meet Thursday evening. A cordial welcome to all services.

The Salvation Army, 108 East College street—Captain and Mrs. H. B. Alsup officers in charge. Meetings for Sunday, July 1st, as follows: Knee drill at 9 a. m. Jail meeting at 10 a. m. Holiness meeting at 11 a. m. Company meeting at 2 p. m. Y. P. L. at 6:30. Leader Florence Hembrough. Open air meeting at 7:30 p. m. Salvation meeting at 8 p. m. Meetings during the week: Tuesday, Thursday and Saturday at 8 p. m. Monday evening the young people will give a demonstration to which you are invited. Come worship with us. You are welcome.

Congregational church—Rev. G. E. Stickney, minister. Sunday school at 9:30. Dean G. H. Scott, superintendent. Regular church services at 10:45. Mr. Stickney will preach. In the absence of Mrs. Stickney, Mrs. Fullard will be at the organ. In the evening this church unites with the other churches in services on the Academy lawn. Prayer meeting Wednesday night at 7:30. Morning service and communion at 10:45 a. m.

Westminster Presbyterian Church—Corner Westminster street and West College avenue. Bible school, 9:30 a. m. Morning worship, 10:45. Rev. William Pease will preach. Dr. Smith will fill the pulpit of Mr. Pease at Pisgah Presbyterian church at 11 a. m. Mr. Homer Wood will act as chorist and soloist at Westminster. No evening service. The congregation will join in the union gospel service which will be held on the steps of Grace church at 7:30 p. m. Dr. Smith will preach. Church night service will be held on Thursday night, July 5th, and not on Wednesday night. "Simon Peter" is the theme. On Tuesday, July 3rd the Ladies Aid society will hold a market and sale at Furry's grocery store on West State street. Articles for sale will be brought in early as possible. On Friday, July 6th, at 3 p. m. the ladies of the church will hold a birthday party at the home of Miss Mary Tholen, 1430 West Lafayette avenue. All the ladies whose birthdays occur in June and July will serve as hostesses.

Brooklyn M. E. Church—G. W. Randle, pastor; E. A. Garey, Sunday school superintendent. Sunday school on Sunday morning at 9:30 a. m. Public worship will be held at 10:45 a. m. The theme of the sermon will be "Getting By." There will be no Epworth League meeting in the evening and preaching service at Brooklyn. All members of the congregation are asked to participate in the union service, which will be held on the lawn of Grace M. E. church. The Rev. Dr. T. W. Smith, pastor of Westminster Presbyterian church will be the preacher. On account of the celebration in the city on the Fourth of July, the mid-week services will be held on Thursday evening of this week. The subject will be "How We Got Our Bible."

Behel A. M. E. Church—R. H. Hackley, minister. Rally day. Each member is requested to attend at least one service during the day, and have their share in meeting the present responsibilities of the church. Be ready for the lieutenants when they call, reports and prizes will be awarded at the close of the evening service.

Centenary Methodist Church—C. D. Robertson, pastor. Sunday school at 9:30 a. m. A. C. Metcalf, superintendent. The new plan of grading and department organization is proving very efficient, and the work of the Sunday school is becoming more effective as a result. The whole family is invited to the Sunday school, for the church

where the folks are glad to see you is a family church. Morning worship at 10:45. The cool weather has brought relief from the heat and there is no reason why anyone should remain away from service. Personal comfort is the poorest reason there is, but even that is rendered ineffective when the weather is cool. Evening union service at 7:30 on the Academy lawn. Next Sunday morning there will be communion service and baptism. Parents of infants whom they wished baptized are requested to present them at this time, and any adults who may desire baptism are also requested to present themselves. The Mary Melton Division of the W. F. M. S. will give a picnic at Nichols Park, Monday evening July 12 at six o'clock. The members and their families are invited. In case of rain, the picnic will be an indoor one at the church.

MAN POSTPONES HIS FUNERAL

"I am 66 years old and for the past two years have been suffering so badly with stomach and liver troubles, bloating and colic, attacks that I did not expect to live more than a few months and was arranging my affairs and even my funeral. Three doses of May's Wonderful Remedy have entirely cured me." It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded.

Diamond Grove Memorial Mausoleum

It is to the State of Kansas to whom we are indebted for a campaign of research, national in its scope, in an effort to determine the type of construction and the materials from which to build and to choose the most perfect method of sanitation for burial vaults. After a careful study of their findings, it is evident that the community mausoleum is best designed to suit the needs of a community for the reason that it gives the utmost of security at far less cost, due to the fact that, along with the most modern engineering practice, which is carefully put into its construction, it carries a fund of sufficient amount, the income from which forever maintains the physical structure of the building, thus guaranteeing to owners of space indefinite perpetuity of their Memorial.

It should please the people of Jacksonville to know that in drafting the laws for the State of Kansas governing construction of mausoleums of all types, Mr. Sidney Lovell was called to assist in that connection, which is further evidence of his being recognized nationally as authority in mausoleum construction.

To subscribers in Diamond Grove Memorial, we again say that the first cost is the last cost and that they are forever relieved of further obligation in connection with the maintenance of this beautiful Memorial.

PLANS FOR BIG TIME AT STATE HOSPITAL

Day Will Be Filled with Interesting Events—Something Doing All Day—Big Fireworks Display at Night

On Wednesday the patients at the State Hospital and the public in general will be royally entertained the big doings extending far into the evening and ending up with a grand display of fireworks that are guaranteed by the Minter Amusement company of Springfield to far exceed the wonderful exhibition given a few weeks ago at the fair grounds.

The total cost of the day's entertainment will be in the neighborhood of \$1,500 and this sum has been raised in full by the efforts of the patients in work of different kinds both at the hospital and away, and also by the bazaar which was held Thursday at the hospital at which \$300 was raised and added to the amusement fund.

In the morning there will be races and contests for both men and women and the patients will be treated to cigars, chewing gum,

bananas, ice cream, candy and lemonade.

A vaudeville program will be staged in the afternoon at 2 o'clock and again at 6 o'clock in the evening. The program will include:

The Hoffman animal circus with bears that walk ropes, skate on roller skates, juggle balls and perform many other stunts.

Zeldo, considered the greatest head balancer in existence who adjusts a roller skate to his head and shoots the chutes while standing on his head.

The Younger family, relatives of the great Younger outlaws of the Jesse James gang, consisting of the father, mother and two children in a high class acrobatic act.

Also various stunts by different patients and employees and a reproduction of the "Pike," the day's entertainment being closed with the fireworks display.

"Gris" Wiswell, the local balloonist will also make two ascensions during the afternoon and evening, the first between 2 and 4 o'clock and the other some time after 6 o'clock.

The music will be furnished by the Springfield Watch Factory band.

All attractions will be free to the public and there will be no charge made except for refreshments which will be sold under the auspices of the local post of the American Legion for the purpose of obtaining additional funds to carry on various projects that they are planning. This being for a good cause the people will not neglect to give them plenty of patronage.

The American Legion and the local Howitzer company have completed plans for services at sundown at which time the flag will be lowered with military ceremonies.

Commander Kahl states that several citizens who have never served the flag have remarked to him the carelessness to the emblem at times when it should be shown proper honor by every man who wishes to be considered an American. "These citizens stated that if the individuals did not themselves have enough respect for the flag to show it the proper honors while it is passing or while being lowered while the national air is being played, they should at least have manners enough to follow the majority who do show such honor, and not single themselves out from the crowd by refusing to uncover at such a time.

PEORIA ROTARIANS BRING OWN SCENERY

Will Arrive in Ample Time to be Placed on Stage at Grand.

H. C. Bingham, Peoria instructor of the Rotary pageant which will be presented in the opera house on Wednesday morning, writes that they will bring their own cycloramic scenery for this production and will arrive with their costumes, Adolph Klein of Peoria in ample time for preparation for the event.

In addition to the "Signing of the Declaration of Independence" there will also be given, "The Spirit of '76" which will be presented by the following cast all of whom are Rotary members:

George Washington—Merle W. Darby.

Drummer—R. S. Hay.

Piper—C. A. Roadstrum.

Color Bearer—John H. Brewer.

In the pantomime to be given on the stage on the north side of the state prior to the pageant plans of which were recently published the director, Miss Matthews, now plans on including "George Washington Leaving for Congress" and "Uncle Sam" in addition to the characters already given.

Mrs. C. S. Smith of this city left Friday night for Chicago where she will visit for a short time with Mrs. Lella Wildman. She will then go to Niagara Falls where she will meet her daughter Verna, who has been engaged in teaching the deaf in the school of Ontario, Canada, at Belleville. Miss Smith is assistant superintendent there. It will be remembered that teachers of the deaf from all parts of the western hemisphere are now in session at Belleville. The work there is especially noteworthy as all the teaching is oral and the sign language is eliminated entirely.

Telephone Talk No. 24

If a face to face conversation, the person addressed often gets part of the idea from the motions of the speaker's lips as well as from the sound vibrations that strike the ear. In using the telephone, the lip movement of the speaker is not visible to the listener who, therefore, depends entirely upon what he hears. To get the best results, the person talking should speak slowly and distinctly with lips close to but not touching the mouthpiece.

POLICE CAPTURE BOOTLEGGER

Joseph Tega, a resident of Springfield has probably satisfied his mind that Jacksonville supports a police force the same as his native city, as he is now an enforced guest of the county on account of a desire to spread out too much of his main business of mule-peddling.

Evidently believing that the early bird catches the worm he started operations in this city yesterday in keeping with the late popular tune, "At Three O'Clock in the Morning," but the local police had been warned and finally succeeded in locating this worthy on North Sandy street about 7 o'clock. It is believed that he had located some of his customers prior to that time but he still had half a gallon of forked lightning when picked up by Captain Elliott and Officer McGinnis. He was driving a Chevrolet touring car and for fear that the car itself might have formed bad habits by association the local officers also "pinched"

the car, which is still in custody of the police.

State's Attorney Robinson later filed information against Tega and his bond was fixed at \$800, which so far he has been unable to furnish and he is now thinking it over in the county jail.

BOYS RIDE FROM BLUFFS ON WHEELS

Rupert Lewis and Roy Ashby of Bluffs although still young boys have the necessary initiative to take them wherever they want to go regardless of trains or autos.

Yesterday they decided that they wished to visit Jacksonville and made the trip on their wheels something that was quite common years ago when bicycles were more in vogue but the majority of boys nowadays find it not quite so fatiguing to sit on the cushion of an auto or passenger coach.

The boys made the trip in one hour and fifty minutes without hurrying and still had pep enough left for a tour of Nichols Park and other places.

They spent the night at the home of James Bossarte and will return home today.

ZION

Miss Charlotte Mayberry spent Sunday with Miss Maud Clayton and attended Children's Day exercises at Zion Sunday evening.

Mrs. Mae Jordan attended the Domestic Science Club Meeting at the home of Mrs. C. R. Short in Jacksonville Saturday afternoon.

Harley Mayberry was a guest of Eugene Bracewell Sunday.

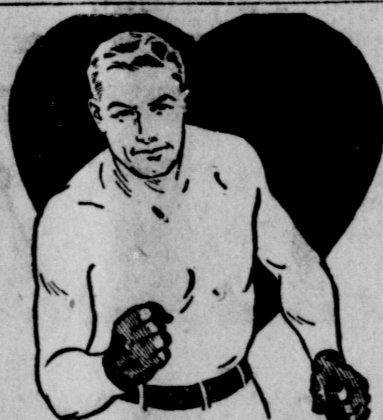

Mr. and Mrs. Henry Simmons have received word of the marriage of Mrs. Simmons' niece Miss Ruth Harper, daughter of Mr. and Mrs. Charles Harper, former residents here but now of Kansas.

Mrs. Mae Jordan and mother, Mrs. Dawson attended the funeral and burial of Mrs. Augusta Israel of Murrayville last Friday.

Mr. and Mrs. John Maloney and family attended the music recital at M. E. church in Murrayville Saturday evening.

Misses Beth Bracewell, Alma Durham, Glenn Durham and Eugene Bracewell attended the Burgoon Supper given by the Boy Scouts at Murrayville Saturday evening.

Gus Woltman of Jacksonville

Wake up your Sluggish Blood!

"I am strong, energetic, vigorous, happy!" says Fighting Blood. "My nerves are steady. I am young! My tissues and flesh are free from the accumulation of waste products and impurities which cause pimples, blackheads, boils, eczema, rheumatism! I never have that tired, worn-out, run-down feeling! My health is all that is good. I am life itself!"

Blood-cells are the fighting giants of nature! S.S.S. builds them by the million! It has been doing it since 1826. S.S.S. is one of the greatest blood-cell builders, blood-cleansers and body builders known to us mortals. S.S.S. contains only vegetable medicinal ingredients.

Because S.S.S. does build blood-cells, it stops pimples, blackheads, boils, eczema, rheumatism! It builds firm flesh, fills out hollow cheeks, beautifies the complexion and builds you up when you are run-down.

S. S. S. is sold at all good drug stores in two sizes. The larger size is more economical.

S.S.S. The World's Best Blood Medicine

was a business visitor in the neighborhood Monday.

Miss M. E. Hart visited his brother and family last Wednesday night and left on Thursday by auto for a long tour through the west for benefit of his health.

Mrs. A. E. Powell of Woodson will address the Sunday school of Zion M. E. Church Sunday July 8th. For the convenience of Mrs. Powell Sunday school will be at 1:30 P. M. instead of 10 A. M. in usual hour. Everybody is invited.

Mr. and Mrs. William Hart and children spent Sunday evening with Charles Bolton and wife of Nortonville neighborhood.

The children's day exercises rendered at Zion church last Sunday evening deserve words of commendation, as each one on the program did their part well. Much credit is due Misses Maude Clayton and Eula Osburn in training the children and for the handsome decorations.

Misses Mabel Bolton returned to her home Sunday after a six weeks stay with Mrs. William Hart and family.

A. J. Fannin, George Kosnick, and William Hart fished in Apple Creek Sunday morning bringing home plenty of nice fish, one Crap weighing 8 pounds.

Mr. and Mrs. Glenn Standley entertained Mr. Standley's parents from near Jacksonville Sunday.

Clyde Preston of Ceres, and E. G. Jordan are shocking wheat for William Hart this week.

Mrs. Margaret Riggs is getting along nicely from her recent operation.

Mrs. Mary Bracewell and daughter, Morjorie of Grand Forks, N. D. are visiting at the home of Mr. and Mrs. James Bracewell this week. It has been two years since she was here and no doubt she sees many changes.

FARM BUREAU NOTES

Club Tour Makes Good Showing.

The Club Tour to the University of Illinois on June 22, was sufficiently successful from the standpoint of attendance and interest to safely conclude that the project worthy of being made an annual event. Altho the thermometer registered 95 degrees in the shade during most of the day, 611 boys and girls, with their county club leaders were registered. In addition, there were probably 50 other juniors who were missed in the registration. At the noon hour approximately 400 vacation agricultural students joined in a picnic lunch, making a total of approximately 1,000 young people that visited the university that day. The boys from Whiteside county came a distance of 250 miles. Robert Knowles of Champaign county walked five miles to be present on the tour.

Nineteen counties were represented, the largest delegation coming from Shelby county, numbering 169. The rest of the counties with the number in their delegation follows: Bond 1; Champaign 60; Christian 39; Coles 50; DeWitt 9; Douglas 15; DuPage 10; Ford 46; Macon 51; Macoupin 13; McLean 24; Morgan 15; Moultrie 3; Platt 28; Vermilion 5; Whiteside 2; Woodford 24.

The day was opened by showing the two new club films, "Bill Jones Champion" taken at the Sioux City Fair last fall, and a "Letter to Dad" in the University Auditorium. The remainder of the day was spent in touring the various departments of the College of Agriculture and Home Economics Division where points of interest were inspected and demonstrations given for the benefit of club members. The demonstrations were outlined to give assistance to the boys and girls in carrying on their projects this year.

Little Effort Wins a Big Trip.

A total of 55 free trips are offered to individual club members of Illinois this year. Thirty-seven of these are trips to the National Club Congress, held in connection with the International Livestock Exposition and are offered to the most outstanding boys and girls in club work this year in Illinois. In addition two trips to the International are awarded by the State Fair to the winning demonstration teams.

These are two demonstration and one judging team trip to the National Club Round-Up at the Sioux City Inter-State Fair offered the champion Animal and Crop Demonstration; Home Making Demonstration and Livestock Judging team. There is also a free trip offered to the National Dairy Exposition, Syracuse, New York, for the champion Dairy Judging team to be chosen at Aurora.

To become eligible for these trips, or be allowed to show their animals at the State and District Fairs, it is necessary that the club members' enrollment be in this office by July 1. A number of enrollments have been sent in to date, but some of the counties have not responded. Remember the enrollment of bona-fide club members should be in this office by July 1, in order to participate in any of the state contests. We want every county to be included and regularly enrolled for the year in order that none of their members may be disappointed should they wish to compete in any of these contests.—E. I. Pilchard, Club Worker.

Second Brood of Codling Moth.

W. P. Flint and W. S. Brock assure us that the second brood of codling moth will emerge in this section about July 11 to 14. They recommend arsenate of lead for this brood. Second and third broods are responsible for most of the damage to the Illinois apple crop. They are also recommending Bordeaux mixture as a prevention of bitter rot.

SUIT AGAINST ANDREWS CO. DISMISSED

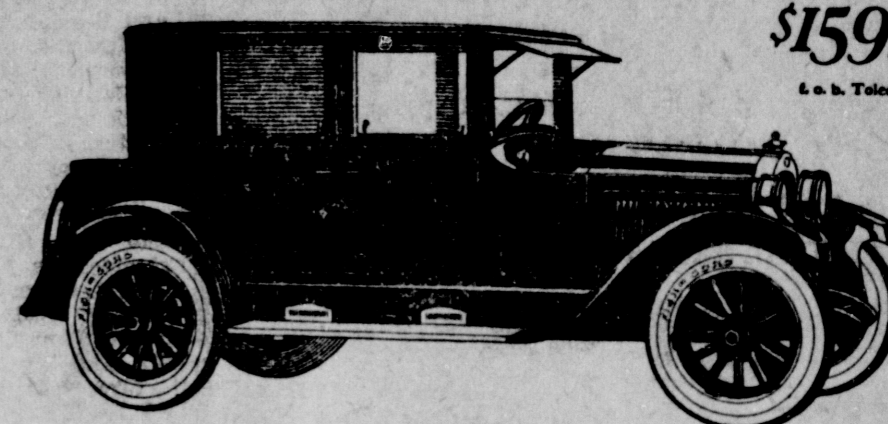

A suit has been pending in Chicago for some time against the Andrews Lumber & Mill Co., and a large number of other lumber concerns in Cook county, charging them with violation of the Sherman anti-trust law.

Yesterday, F. J. Andrews, who is president of the company, received a telegram stating that the case had been dismissed against the Andrews Lumber & Mill Co., and the manager of the business W. A. Irvine, as the government found that there was no evidence to sustain the charges made.

THE ENGINE IMPROVES WITH USE

CHANDLER Leads Traffic!

Genuine pleasure driving through traffic! That's what the Chandler owner enjoys—thanks to the phenomenal high gear capacity of the

Pikes Peak Motor

He can roll along so slowly in high that pedestrians pass him. Yet the pull of his motor is flawlessly smooth.

The instant the road clears he can "give her the gas." And his car leaps ahead in a swift, unlabored, silent rush.

He can drive for blocks without touching the gear lever—without slipping the clutch—without riding the brake—without nursing his motor in any way.

That's unadulterated driving delight!—And it is possible only because the performance capacity of the new Chandler power plant was developed on the highest automobile climb in the world. No other motor quite equals it. Drive it yourself—and see!

Why do Oakland Engines keep running so smoothly?

LISTEN to an Oakland 6-44 engine that has delivered twenty thousand miles of service? Its smooth and silent flow of power amazes you! What is the reason? Sturdy crankshaft and connecting rods of the finest metals! Costly patented bronze-backed bearings! Lightest of moving parts reducing vibration to the minimum! A pressure feed lubrication system constantly bathing moving parts in oil! Cylinders honed to the smoothness of glass! And above all—accuracy and precision in manufacture. Drive a year-old Oakland—and you'll understand why Oakland's "Mileage Basis" gauge is such a true representation of real quality.

NEW YORK, June 30.—Prices
of large number of standard in-
dustrial and railroad stocks drop-
ped to new low levels for the year
in today's brief but active session
of the stock market. There was
nothing new in the day's news to
account for the heavy selling the
bulk of which gain originated
from professional sources.

Except for some liquidation by
tired and discouraged holders of
long stocks there was a marked
absence of public interest in the
day's trading. One of the most
interesting developments of the
day was the establishment of
new low record by United States
Steel common at 89, several pre-
vious attempts had been made to
break steel thru 90 but without
success until today.

The stock market later to 90;
where good support has been of-
fered on all previous occasions.
Canadian Pacific broke more
than four points to 124 and Bal-
timore & Ohio, Chesapeake &
Ohio, St. Paul common and pre-
ferred and Union Pacific regis-
tered net losses of one point or
more.

The weekly clearing house
statement showed increases of
\$114,070,000 in loans, discounts
and investments; \$1,517,000 in
cash in own vaults; \$13,125,000
in the reverse of member banks
1 in the federal reserve bank and
\$65,540,000 in net demand de-
posits. Time deposits decreased
by \$4,630,000. Aggregate reserve
totalled \$524,605,000 leaving ex-
cess reserve of \$12,395,120 an in-
crease of \$4,846,170 over a week
ago.

United States government
bonds were unchanged to frac-
tional improvement.

Butter Market Remains Weak

CHICAGO, June 30.—Under
pressure of heavy offering prices
on top scores yielded another 1/4
and after the decline the butter
market here today remained
weak. Trading was quiet and there
was much pressure to sell
particularly the lower scores. Of-
ferings generally at the below
prices with few takers. The car
market was equally weak and
quiet.

Black Rust Reports

CHICAGO, June 30.—Blackrust
reports from Minnesota, North
Dakota and Saskatchewan as well
as from South Dakota had a de-
cided bullish effect on the wheat
market today. Prices closed firm
at 1 1/2 to 1 3/4 net advance, Sept.
1.03 1/2 to 1.03 3/4 and December
1.06 1/2 to 1.06 3/4; corn finished at 1c
decline to 1c gain, oats unchang-
ed to 1/4 lower, and provisions at
a rise of 5c to 7c.

Increased fear of possible big
damage by blackrust became
manifest in the wheat market to-
day when soon after the opening
it began to appear that in at least
some degree the rust plague had
penetrated the great part of the
spring crop belt. A buying rush
with previous sellers taking the
lead carried prices rapidly up-
ward and altho reactions ensued
the market finished at almost the
day's top figures. Notwithstanding
that as yet no actual damage
seemed to have been done anxiety
was expressed because of the sud-
denness with which the best had
disappeared over such a wide extent
of territory. It was generally
conceded that aside from black
rust the spring crop this side of
the Canadian line was in rather
unfavorable control condition and
that further setbacks might well
be looked for during the critical
period just beginning. On the
other hand, no fresh export busi-
ness was announced prior to the
close, and country offerings of
new wheat to arrive were becom-
ing larger. Nevertheless bulls
retained their advantage largely
as a result of the fact that show-
ers were predicted northwest and
were threatening to intensify the
danger from blackrust.

New low price records for the
season were touched by deferred
deliveries of corn and oats. Fav-
orable crop conditions for corn
together with prospects of good
sized deliveries Monday on July
contracts were chiefly responsi-
ble.

Provisions were firmer in line
with hog values.

PRODUCE MARKET REVIEW

Receipts of eggs continue heavy
in the large markets, indicating
that production is above a year
ago. This is especially true in
the northern states. A considerable
quantity of these eggs is now
being shipped to southern states,
where production is light.
Pigeons show a decline in eggs
still going into storage in much
larger quantities than a year ago,
which would indicate that the
consuming demand is less. A large
proportion of the eggs should go
thru consuming channels if
healthier market conditions are to
be maintained later. Under pre-
sent conditions it may be necessary
for the market to work to a low-
er basis in the next few weeks.

Cream is moving in normal vol-
ume, due to the cooler weather of
the past few days. General
market conditions are unchanged
from a week ago and indications
are for a steady market, which
may possibly be influenced by re-
ported shipments of butter from
foreign countries to the United
States.

Live hens are moving in large
quantities at the present time and
the markets for both live and
dressed fowl in the big consum-
ing centers are on a much more
reasonable basis than a year ago,
which should stimulate the de-
mand from the consuming trade.
Indications are that there is a big
crop of poultry on the farm, and
with stocks of frozen poultry
much heavier than a year ago, it
would seem that prices would
have to remain on a reasonable
basis.
